A FEAST FOR BOTH THE EYES AND EARS
The Musikinsel on Penken is yet another novelty guaranteed to provide thrilling entertainment. Featuring events and live music acts, Musikinsel on Mount Penken's Reservoir promises some fabulous visual and acoustic pleasures. Surrounded by one of the most beautiful panoramas of the Zillertal mountains, traditional sounds and cool beats invite you to join the groove.

ADRENALIN GUARANTEED

The climbing area offers challenges for every skill level. A large number of routes offer great variety, their degrees of difficulty range from 4 to 8.

WHERE QUIET RELAXATION MEETS THRILLING ACTION
Mount Penken also has its gentler side: enjoyable and leisurely with numerous places offering refreshments alongside the trails, family-friendly with walks such as the tram-friendly PanoramaTrail, with its panoramic stops and views of the Mayrhofen mountains. There is so much to discover: by fun-loving sportspersons on their mountain scooters, mountainbikers, climbers and paragliders, who all fit perfectly into the Mountopolis picture.

FLY LIKE AN EAGLE
Optimum thermals in Mayrhofen have an almost magical attraction for paragliders from all over the world. Generously appointed and high altitude launch sites allow them to soar freely into the air like an eagle.

OUR TIP: Plan a tandem flight with one of the many professional pilots! Book your flight easily and conveniently online at www.mayrhofen.at/en/tickets.

PENKEN PEPI AT PENKENJOCH
Not far from the Penkenjoch Reservoir with its impressive Garnet Chapel, the 8-metre tall wooden bear, Penken Pepi, welcomes visitors of every age. The ultimate playground for all children is housed inside the giant Pepi. It is said that Penken Pepi was a toy belonging to the legendary Tux Giant, who may have left it behind on the Penkenjoch when he fled from the Zillertal valley.

WHERE EVERY BIKER'S HEART WILL SKIP A BEAT
Mountain bikers are also well catered for on Mount Penken, whether on an e-bike, under their own steam, or conveniently with gondola bike transport. Several routes in various degrees of difficulty for experts and aspiring pros whet the appetite and motivate. Scenic pleasure cycling or speeding up and downhill until your "calves burn"? It's each to their own when it comes to biking preferences!

THE STAGE IS SET FOR THE KINGS OF THE SKY
Happy spectators enjoy the show as the suspense rises. An introduction to the Eagle's Stage on Mount Ahorn, which is accessed via the informative Birds of Prey Path, however, requires no fanfare. The impressive location alone and the act of becoming better acquainted with the Birds of Prey is a formative experience in itself.

Visitors have free, daily access to the Eagle's Stage on Mount Ahorn from mid-June to October (except Tuesdays and Wednesdays) between 10.00 a.m. and 12.00 p.m., where they can visit the falconers with their Birds of Prey.

BIRDS OF PREY SHOW
At the Birds of Prey Show, which takes place daily (except Tuesdays) at 02.00 p.m., up to 800 «cinema-goers» can experience the majestic aerial acrobats in action and, in addition to the impressive flight manoeuvres, discover exciting information about the habits of these feathered wild animals. A show of this kind at such close quarters is way better than any evening at the cinema.

EAGLE'S STAGE BACKSTAGE WORKSHOP
All those who can't get enough of these fascinating aerial artists should visit the Falconry Backstage Workshop, which takes place every Wednesday. You spend a morning (10.00 a.m. to 12.00 p.m.) with our falconers there, accompany them behind the scenes and delve into the world of Birds of Prey. Our experts will explain to you how to feed and care for the animals, how to handle them in a species appropriate manner and what you need to bear in mind when it comes to animal welfare. The workshop then culminates with the Birds of Prey Show - where you have the best seats!

KNOWLEDGE AND FUN GO HAND IN HAND AT THE FILZEN RESERVOIR
"De arte venandi cum avibus!" - Do you know what that means? No? Then it's time to head to the FalknerOase on Mount Ahorn! All around the reservoir, you can delve into the history of falconry at seven exciting stations, learn all about a falconer's equipment and familiarise yourself with local Birds of Prey. There are also many rest areas along this section of the LeisureTrail Ahorn, where you can enjoy the panorama.

HIKING PARADISE FOR YOUNG & OLD
No matter whether you're looking for breathtaking views or a pleasant place to relax: you'll be thrilled by the enjoyable LeisureTrail that runs across the entire Ahornplateau and is suitable for pushchairs. You will find the best places to enjoy the magnificent panoramic views on one of the four ViewingPlatforms Eagle's View, Zillertal, Stilltupal and Filzenalm.

OUR TIP FOR FAMILIES: Take a handcart to walk around the LeisureTrail Ahorn - just grab one of the carts from the mountain station (free of charge and subject to availability) and off you go!

REFRESHING WATER OASES
There are many places to play, relax and chill-out around Lake AhornSee, making it a great place for visitors of all ages to enjoy themselves. The pleasant hiking trail alongside Ahornbachl Stream leads through varied play zones and refreshing water oases - just the thing for a hot summer's day!

HIKE TO FILZENKOGEL PEAK
