BIRDS OF PREY SHOWS

THE STAGE IS SET FOR THE KINGS OF THE SKY

Happy spectators enjoy the show as the suspense rises. An introduction to the Eagle's Stage on Mount Ahorn, which is accessed via the informative Birds of Prey Path, however, requires no fanfare. The impressive location alone and the act of becoming better acquainted with the Birds of Prey is a formative experience in itself. Visitors have free, daily access to the Eagle's Stage on Mount Ahorn from mid-June to October (except Tuesdays and Wednesdays) between 10.00 a.m. and 12.00 p.m., where they can visit the falconers with their Birds of Prey.

At the Birds of Prey Show, which takes place daily (except Tuesdays) at 02.00 p.m., up to 800 «cinema-goers» can experience the majestic aerial acrobats in action and, in addition to the impressive flight manoeuvres, discover exciting information about the habits of these feathered wild animals. A show of this kind at such close quarters is way better than any evening at the cinema.

FALCONRY BACKSTAGE

LOOK BEHIND THE SCENES

All those who can't get enough of these fascinating aerial artists should visit the Falconry Backstage Workshop, which takes place every Wednesday. You spend a morning (10.00 a.m. to 12.00 p.m.) with our falconers there, accompany them behind the scenes and delve into the world of Birds of Prey. Our experts will explain to you how to feed and care for the animals, how to handle them in a species appropriate manner and what you need to bear in mind when it comes to animal welfare. The workshop then culminates with the Birds of Prey Show - where you have the best seats!

- **Registration:** Online at www.mayrhofen.at/en/tickets
- **Workshop meeting point:** 10.00 a.m. at the entrance to Eagle's Stage Ahorn
- **Minimum age:** 16 years
- **Maximum number of participants:** 10 persons

EAGLE'S STAGE AHORN

EYE TO EYE WITH THE KINGS OF THE SKY

Your very own blockbuster awaits you high up in the mountains of Tyrol at MOUNTOPOLIS - the Mayrhofer Bergbahnen World of Adventure. The setting: Eagle's Stage on Mount Ahorn, Europe's highest Birds of Prey Station at 2,000 metres above sea level. The backdrop: The impressive peaks of the Zillertal Valley. The stars: Eagles, buzzards, owls and the like. The genre: A mix of action film and animal documentary with a healthy measure of emotion that will make your heart swell. Featuring: a screenplay filled with effortless power and gentle strength, a graceful awareness of life and intoxicating freedom.

Since 2009, the "kings of the skies" feel very much at home here amidst the spectacular panorama of the Zillertal Alps, as their quarters are built entirely from wood, stone and earth and blend in perfectly with the natural surroundings. The three passionate falconers, Waltraud, Thomas and Didi Wechselberger, know just how to direct eagle „Steppi“, falcons „Hansi & Kaya“, eagle owls „Billi & Virginia“, harri's hawk „Lanny“ and red-tailed hawks „Ashok & Laika“ during their exciting show.
